

BJ 5-4 Verb Review: Ben' s Story (p. 187), translation

I was born in Australia. My birthday is July 8th. I have six people in my family. There are my father, my mother, my older brother, and two younger sisters. I went to kindergarten in Canberra. Nine years ago, when I was six, we came to Tokyo. That April, I entered a Japanese elementary school. When I was in fourth grade, I met Jun-kun. Today, too, Jun is a very good friend. Then, when I was 13 years old, I became a first-year student in middle school. Now, since I am 15 years old, I am a third-year student in middle school. Now I study Japanese language, English, math, and science at my middle school. I study history too. History is quite interesting. I love history. Last week, my friends and I entered the Time Gate. Today, it is January 20, 751. From the 21st century, we have come to the 8th century.
