You have gotten a chance to go to a major talent competition in Japan and will represent Japanese language students from your region. The trip is totally free, but you will have to submit a written essay on the people you saw, what they were wearing, who they came with, what they brought etc. Also include information about what you and others you observed did while there. Be as elaborate as possible in the information you provide as this might allow you to go again next year if they like what you write!
