Scenario

You are spending your junior year abroad at Waseda University, studying Japanese literature. The year is 1970, two years after Kawabata Yasunari received the Nobel Prize. After reading his $\mathcal{P} \subseteq \mathcal{O} \cong \mathcal{V}$ \mathcal{P} , you have some questions about the story, so you decide to write the author a letter. Use your most polite language skills. Include an opening, a body (questions, and supporting evidence), and a conclusion.
