

Adjective “Taboo”

Beginning Japanese Ch 8 review activity

Directions:

This game is played similar to the game of “Taboo.”

One group member chooses a slip of paper with a noun written on it. He/she then gives clues, in sentences, for up to one minute, to describe the word. The player’s team has one minute to guess the word. If they are correct, the team scores 1 point.

If the team is unable to guess the correct noun in one minute, everyone has an opportunity to “steal and double” the points by having one of their members give one clue.

The player is disqualified if he/she says the word.
